Offer for Sale

Ladies and Gentlemen,
dear Model friends,

in advance of planned commercial changes we intend to sell a large part of our collection of apparatus from international Fire- and Emergency Services.

There are about 1,000 models in 1:87/H0 scale.

They were built example-like and detailed to their really existing trucks and were equipped in point of professional views. Especially the Fire Service models contain nearly all vehicles- and function types –

from a horse-drawn hand-pressure Fire Engine to a Rescue- or Equipment Truck up to a modern Large Fire Engine.

The whole Offer for Sale contains:

about 480 Fire Service Apparatus
about 80 Apparatus of the Medical
Rescue Services
about 140 Apparatus of the Disaster
Management Services
about 80 THW Apparatus
about 120 Police Apparatus
about 60 Apparatus of the Military
Forces
about 70 historical Models

Apparatus-Specialities:

US-Wildland Fire Engines
Czech Railway Fire Service
International Large Fire Engines
Fire- and Rescue Tanks
Protected Police Special Cars

International Apparatus
(e.g. USA, Czech Republic, Turkey,
Switzerland, Saudi Arabia, Japan,
Libya)

Ladies and Gentlemen,
dear Model friends,

in case of a serious interest to buy the offered models we are self-evident and with pleasure ready for further Informations. The selling price may be based basically on negotiations, but you should adapt your basic price idea to the market value of the models and to the included work efficiency (handwork!).

I personally will enjoy your written or phone contacts.

On our internet pages
www.feuerwehrpresse.de
you will find further informations about model building and about the selling of our model collection.
